

## Your Solution Provider

Auric Systems International understands that a customized solution can be a critical element in your business environment. We listen to your needs and answer your questions personally and in clear language. We learn your business requirements and practices, and design a plan suited to your budget and goals. It is our job to use best-of-breed security with industry-proven techniques and technologies to deliver the results you want.

## Meeting Your Needs

Auric's core competency is simplifying the complexity of billing and payment requirements. Every business is unique. Auric works with you to create a secure solution for your specific needs. Put Auric's experience and expertise to work on your billing and payment needs.

## Security Compliance

All our off-the-shelf products are listed on Visa's Validated Payment Application Best Practice (PABP) list. All Auric custom solutions and services are designed to meet payment industry compliance guidelines. Auric is well suited to assist with solutions that have Data Protection, Encryption, and Secure Storage Compliance requirements.

## Expertise with Payment Processors

Implementing a new payment or billing system can be daunting. Auric has over 20 years of experience helping thousands of companies with unique billing and payment projects. Auric has expertise with multiple payment processors including: Chase Paymentech, First Data, First National Merchant Solutions, Merchant e-Solutions, PayPal, TransFirst, Tsys.

## Experience with Payment Brands

Benefit from Auric's experience with leading payment brands including: American Express, Bill Me Later, Business Check, CarteBlanche, Diner's Club, eBillme, Discover/Novus, Gift Cards, GreenDot MoneyPak, JCB, Maestro, MasterCard, Optima, PayPal, Personal Check, Revolution Money, TenderCard, Visa/Delta, Gift Cards (partial list).
